

Enjoy the moments that matter to you

With our ecosystem of wireless connectivity, you can stream, control and personalize the sound to your Jabra hearing instruments enabling you to hear and do more in challenging listening situations.

TV-STREAMER+* AURACAST

Get the most out of your TV listening experience, even in noise. The TV-Streamer+, gives you immediate speech clarity by sending sound directly to your hearing aids at the volume you prefer. Plus, it supports the newest Bluetooth® Low Energy Audio and Auracast™ broadcast audio so you can invite others to share your audio experience.

TV STREAMER 2

You can transform your hearing instruments into a set of smart and discreet wireless headphones. Send Dolby Digital stereo sound from the TV or other audio device directly to your hearing instruments at your preferred volume setting.

MULTI-MIC+* AURACAST

You can stream sounds from a distance or in places with loud acoustics directly to your hearing aids. The Multi-Mic+ can be placed horizontally on a table for large group situations or clipped onto the clothing of the speaker in one-to-one or one-to many conversations.

Personalize your hearing experience with the Jabra Enhance Pro app

You can personalize and control your hearing instrument settings according to your needs right from your compatible Apple® or Android™ device.

Unlock new listening opportunities with our Auracast enabled accessories. The TV-Streamer+ and Multi-Mic+ support Bluetooth LE Audio and Auracast.

*TV-Streamer+ and Multi-Mic+ are compatible with Jabra Enhance Pro 30 and Jabra Enhance Pro 20 wireless models.
